

## New Parenting Book Offers Jesus as Ultimate Male Role Model

Valley Forge, PA – In a market full of books on parenting, author Sharon Norris Elliott takes a unique perspective in *Raising Boys to Be Like Jesus*. Realizing that today’s busy parents need simple yet profound help with raising well-balanced, spiritually healthy sons, Elliott draws practical application (the simple) from the life of Christ (the profound).

Through Jesus’ example, including specific scriptural references, the author offers sound advice for addressing tough topics including:

- facing temptation
- choosing to be a leader
- developing and maintaining healthy friendships
- relating to and respecting women
- handling money

“Step Aside” segments at the end of each chapter are designed to assist the reader in personalizing each principle.

This book is a practical and powerful resource for parents, caregivers, and Christian educators, and is especially ideal for single moms who are seeking the ultimate male role model for the absent father in their son’s life.

**About the Author:** Sharon Norris Elliott delivers powerful messages through her books, articles, devotions, and speaking engagements in which she not only touches the heart and tickles the funny bone, but also encourages her audiences to “live significantly.” She is a high school vice-principal and teaches English and journalism in Inglewood, California near where she and her husband raised five children (three sons and two daughters).
