Summers are different in congregations and at Shine!

Summer Sunday school materials reflect the flexibility needed for summer's shifting attendance patterns.

Early Childhood remains in the same format as the rest of the year.

Multiage replaces Primary and Middler levels, which are not offered in the summer.

Junior Youth is electronic only—as a download or CD.

Music

Early Childhood Music CD (2017–20)

The 30 songs on this new CD help young children build friendships, joyfully praise God, pray, become peacemakers, participate in the seasons of the Christian year, and experience music from different cultures and languages. Recorded by Quaker musician Annie Patterson, well-known for creating the popular songbooks *Rise Up Singing* and *Rise Again*. The CD spans three years of Shine curriculum to provide repetition and familiarity. Order one per class.

Shine Songbook and CD (2017–18)

Annual Shine Songbook, without CD (2017–18)

This songbook and CD has 22 praise songs; prayer songs; songs for Advent, Christmas, and Easter; and multicultural songs. Songs are included in every session, supporting worship and musical expression. Recorded by Jeremy Kempf, Director of Music and Worship at Trinity Mennonite Church (Glendale, Arizona) and popular worship leader at several Mennonite Church USA National Youth Conventions. Purchase one for each Primary, Middler, Multiage, and Junior Youth class.

Annual Shine Songbooks (without the accompanying CD) are available in sets of five. Songbooks provide the words and music notation and can encourage group singing during classroom worship or Christian education assembly times. Buy one for every two to three children.

Summer Multiage leaflets

A four-page leaflet for each session helps coordinate learning and faith formation in each session. Order one for each teacher and child plus one or two for guests.

The leaflets also serve as children's bulletins for congregations who do not have a full summer Sunday school program. (Your marketers and customer service people could be promoting this with churches that they know don't order in the summer.)

Summer Junior Youth

This all-inclusive program is available electronically as a CD or download. In addition to the teacher's guide, each session includes one reproducible page for youth.

The resource teachers, pastors, and congregations need to transform Sunday school into a time of nurturing faith and experiencing God's love. Learn how to use Shine and welcome children, focus on the spiritual practice of teaching, ponder ways to lead and learn from children of each age level. Includes tips from experienced teachers and questions for reflection. Excellent teacher training guide. Buy one for every teacher or use for a group training.
